

Seamaster

PRECISION AT EVERY LEVEL

DIVER 300M
Co-Axial Master Chronometer

The Seamaster has served every kind of ocean adventurer from solo free divers to entire racing yacht crews. Along the way, there have been many amazing editions, including this 42 mm Seamaster Diver 300M Co-Axial Master Chronometer in steel, sporting a polished blue ceramic dial with its own laser-engraved ocean. As the name makes clear, it delivers precision 300M beneath the waves. It's also one of the most stylish watches on the surface. We celebrate our oceangoing icon, with a promise to keep defying the depths and delivering new levels of precision.
